COX TELLS OF HUGE CORRUPTION FUND

G. O. P. Raising Millions Through Campaigns—Proves It By Their Records

(By Associated Press)
Pittsburg, Pa., Aug. 27.—Information to support his charges that a republican campaign fund exceeding \$15,000,000 was being raised in a "conspiracy to buy the Presidency" was presented by Governor James M. Cox, of Ohio, Democratic Presidential candidate, in addressing a public meeting here last night.

Gov. Cox's data consisted entirely of matter taken from the official bulletin of Fred W. Upham, of Chicago, treasurer of the Republican National Committee, but his chief exhibit was a typewritten list purporting to show republican campaign quotas imposed on fifty-one principal cities in 27 states and aggregating \$8,145,000.

Names of local subscribers, Gov. Cox said, were ordered kept secret. These quotas, given as \$2,000,000 for New York City, \$750,000 for Chicago, \$500,000 for Philadelphia, and ranging down to \$25,000 for smaller cities like Albany, N. Y., and Atlanta, Ga., were said by Gov. Cox to have been announced about the middle of July.

That Senator Warren G. Harding, his republican opponent, was "acquainted with the details" of the quota plan and that it was also approved by Will H. Hays, chairman of the Republican National Committee, was charged by the Democratic candidate.

From subsequent issues of the "bulletin," Gov. Cox quoted many reports from republican workers throughout the country, "reporting going over the top" and receipts in excess of the alleged quotas.

Announcement of the \$8,145,000 metropolitan quotas, Gov. Cox said, was made by Henry M. Blair, assistant to Treasurer Upham. A meeting was held in Chicago, Gov. Cox said, at which Will H. Hays, chairman of the Republican National Committee, "spoke his blessings."

The Governor charged that typewritten sheets bearing the 51 cities quotas were "distributed to those assembled," and he produced one of the alleged quota lists, but did not state how or where it acquired. The quota plan, he said, was carried out like that of the Liberty Loan campaign.

That the reputed attempt to raise \$8,145,000 from 51 cities in 27 states of the 48 states is fair evidence that the total national funds will be much larger, was declared by Gov. Cox, who said big business men were prominent on the republican ways and means committee and that the raising of funds was on a business "salesmanship" basis.

Gov. Cox also quoted from the statements in the republican "bulletin" that state and country organizations were not to be "disturbed or retarded in their activities." Calling attention to Chairman Hays' statement that \$3,000,000 was being raised, Gov. Cox said that Thursday's papers carried a statement from Treasurer Upham that the republican total would be about \$7,500,000.

"From the evidence which we shall submit," Gov. Cox added, "I think you will agree that we are justified in multiplying Mr. Upham's figures by two."

Gov. Cox standing staunchly by his charges that an attempt to purchase the presidency was being made, declared that the "Senatorial oligarchy and their friends are harking back to the days of Mark Hanna," stating that in the 1896 campaign which Mr. Hanna managed, \$16,500,000 was spent.

"It was this foul thing," said Gov. Cox, "which Theodore Roosevelt brought to an end when he reformed the republican party. When he was doing it Warren G. Harding branded him as 'Aron Burr.'"

"I charge again an assault on the electorate," said Gov. Cox. "It can't be hidden; the hosts are marshaled; the money ammunition is prepared, but it will not succeed. The net is spread in the sight of quarry. What is the game except to becloud the public mind on the subject of the League of Nations issue and world peace?"

The typewritten list of cities quotas presented by Gov. Cox, follows:

Official quotas: New York City

\$2,000,000; Chicago, \$750,000; Philadelphia, \$500,000; Detroit, \$450,000; Pittsburgh, \$400,000; Cleveland, \$400,000; Boston, \$300,000; Cincinnati, \$260,000; Buffalo, \$250,000; San Francisco, \$150,000; Los Angeles, \$150,000; Indianapolis, \$125,000; Toledo, \$100,000; Columbus, \$100,000; Minneapolis, \$100,000; St. Paul, \$100,000; Providence, \$100,000; Newark, \$100,000; Youngstown, \$80,000; Akron, \$80,000; Oakland, \$75,000; Milwaukee, \$75,000; Dayton, \$60,000; Baltimore, \$50,000; New Orleans, \$50,000; Denver, \$50,000; Kansas City, \$50,000; New Haven, \$50,000; Omaha, \$50,000; Syracuse, \$50,000; Bridgeport, Conn., \$50,000; Washington, \$50,000; Louisville, \$50,000; Des Moines, \$50,000; Schenectady, \$50,000; Portland, \$50,000; Birmingham, \$50,000; Canton, \$40,000; Worcester, \$25,000; Lynn, Mass., \$25,000.

MORE "EXPOSES" ARE COMING, SAYS GOV. COX
(By Associated Press)
New York, August 27.—Governor Cox indicated here today that he would make further "exposes" of the republican campaign funds within the week. "You will have new leads in a week," he said to newspaper men. He asserted some of the "big fellows" who had contributed \$25,000 to the republican campaign fund put their names down for \$1,000 and added the names of 24 dummies at \$1,000 each.

NOW LET SENATE INVESTIGATE
(By Associated Press)
New York, August 27.—Gov. Cox, during a brief stop here today on his way to New Haven, Conn., to deliver an address tonight, said, "No one need worry about my not naming the sources of the funds I have accused the republicans of raising," and he asserted if the senate campaign investigating committee desires to investigate, it "now has the necessary leads. A year ago I had the republicans going back to the methods of Mark Hanna, and that they would be defeated with their own money. This is still my belief."

HARDING WON'T TALK
(By Associated Press)
Macon, Ohio, August 27.—Senator Harding declined to comment on Gov. Cox's Pittsburgh speech last night. "I do not expect to have anything to say," he said, and only shook his head in reply to questions about Cox's declaration that the senator personally knew of and approved the allotments enumerated.

UPHAM SAYS IT'S A JOKE
(By Associated Press)
Chicago, August 27.—Gov. Cox's schedule of campaign fund quotas in the 51 principal cities is "a phony list which I never heard of before," Republican National Treasurer Upham declared today on his return from New York. "Somebody must have played a joke on the governor," Upham declared.

Hays Denies It, Too
New York, August 27.—Chairman Hays, of the Republican national committee, declared Gov. Cox had such an "intimate knowledge of the warring of millions in aircraft production during the war he dreamed in millions. Of course, Candidate Cox fails to prove, as he has failed and will fail to prove his charges. This is simply because the charges are false."

ELECTION CONTEST IS STARTED BY KASH

As a result of disputes arising from the recent primary election in the Twenty-third judicial district, comprising Breathitt, Lee and Estill counties, W. L. Kash, of Jackson, filed notice of contest against his successful opponent, Samuel Hurst, of Beatyville. The action was filed in the Lee county court, but the question raised was the many alleged irregularities which, reports assert, took place in Breathitt county. Attorneys for Hurst got busy immediately and filed charges against Kash. The latter asked Judge W. R. Shackelford, of the Madison circuit court, to issue an injunction recently against Pan Bowl precinct, as a result of the votes not being counted, etc. This was done. However, the mandamus proceedings asked against proceeding in other localities where the votes had been counted was not successful, and the parties were informed by the court that contest proceedings were proper in the way of development of the true state of affairs and settlement of the same. These have been resorted to.

Annual homecoming for former residents of I. O. O. F. home, Lexington, is being held, and many are the guests for the day.

RECORD PRICE FOR FARMS AT COTTONBURG

D. A. Thomas, of Lancaster, With Col. Pearson On the Block, Sells Tracts At \$600 Acre

Some of the finest and highest priced land in Madison county was sold at sales on Thursday by D. A. Thomas, the hustling Lancaster real estate agent, ably assisted by Col. J. H. Pearson, local auctioneer. Mr. Thomas first sold the Roy Taylor farm located on the Cottonburg pike at the Edenton store. The purchasers were Tracey Warner and sons, who live in that community. The farm of 20 acres brought a total of \$11,340, selling in tracts as follows:

Six acres at \$400 per acre.
Two acres at \$600 an acre.
Twelve acres at \$600 an acre.

This is undoubtedly a record price for Madison county land, located as it is, about 10 miles from the county seat. The land is exceptionally fine tobacco soil, however, having a wonderful reputation as a producer of the finest grade weed, and it is seldom that a farm in that section of the county is sold but that it is eagerly gobbled up. However, no such price as this has been paid in the past and Mr. Thomas and his popular auctioneer, Col. Pearson, were congratulated on all sides upon securing such a figure.

As soon as the Taylor sale had been concluded, the real estate men went over to the farm of Charles Moberly, nearby, and sold for him 14 acres to Dr. Hughes, of the same neighborhood, for \$8,900. This was an average of \$571 an acre, and also goes to prove how much in demand is that splendid sandstone land in that part of Madison county.

GOOD STREETS BRING BUSINESS, AND VICE VERSA
The fact that good streets bring business is attested to by Richmond merchants, who will also tell you that bad streets prevent business. Merchants in small towns in this vicinity are enjoying the business of their lives as a result of the condition of the Richmond streets. The fact is being reported almost daily here, as well as the fact that local business men are losing business. However, they feel assured they will be compensated when streets are finished, when it will be a pleasure for patrons to come to the city.

STONE CRUSHER OPERATES AT NIGHT

There were busy scenes Thursday night in the vicinity of the stone quarry as a result of the crusher being operated until a late hour, and the result is that there is a goodly supply of prepared stone for the streets in advance. The progress of the pavers recently has been such as to cause the work at the quarry to be pushed to the utmost. The surplus stone is not moved unless the crusher supply is inadequate, in which case it is drawn upon. However, the quantity of stone required for the street work is such as to cause the crusher to be operated a great deal of the time. It is the intention to finish the excavation work on First street before Irvine street is blocked. All efforts are being made to have Main street put in condition for the Saturday business.

PLANS FOR CELEBRATION BY SCHOOL CHILDREN SOON

Plans for the school carnival are to be taken up again with the recovery of County School Superintendent B. E. Edwards, and it is probable the day will be set and definite plans for the celebration arranged. There will be a co-operation upon the part of the city schools, and indications are the event will be a very auspicious one. It is understood there will be a number of educators from other counties to see the manner in which the gala day for the children is conducted.

FEW POLICE CASES BOOKED

There will be a series of hearings in city court Friday evening, a number of minor cases having been lodged with the police. There are no speeders thus far, the previous experiences of several apparently serving as an object lesson. The heavy fines imposed recently will be repeated, according to City Judge Murray Smith.

BRANDS HARDING "WET"

Chicago, August 26.—Prohibition national headquarters last night issued a statement by Aaron S. Watkins, prohibition nominee for president, attacking the record of Senator Warren G. Harding on the wet and dry question.

Mr. Watkins declares he is unable to find any instance of Senator Harding voting for the dries, and cites figures designed to show that the republican nominee with the vets on 30 occasions an dwas absent or dodged 1,164 roll calls and quorum calls.

FAYETTE COUNTY MEN SUE WILLIAMS OIL CO.

Lexington, Ky., August 26.—Alleging that the W. P. Williams Oil company, of Irvine, through its president, W. P. Williams, made false and fraudulent statements in a circular letter on the strength of which they were induced to purchase worthless stock, six residents of Fayette county filed suit against W. P. Williams in the office of the circuit clerk Wednesday.

They are J. P. Gaddie, asking judgment in the sum of \$7,500; Will Ward Duffield, \$7,500; Louis A. Duffield, \$1,750; Joe D. Smith, \$7,500; Mrs. Joe D. Smith, \$875; J. W. Saunders, \$5,000. Judge Ed C. O'Neal and Overton S. Hagan are attorneys for the plaintiffs.

"BABE" GETS HIS 44TH
Polo Grounds, New York, August 27.—Babe Ruth smashed out his 44th home run of the season in the first inning of the Chicago-New York game here Thursday afternoon. With two on the count two strikes and three balls, Ruth clouted one into the right field stands. He made the homer off Dick Kerr. A crowd of 20,000 fans cheered wildly as he circled the bases.

ESTES' BROTHERS THREATEN SUIT

Should George Estes die of his wounds received in the Irvine tragedy one week ago, his brother, W. E. Estes, who spends much of his time with his brother, claims he will enter suit for damages against the L. & N. railway, asserting his brother came by his injuries at the hands of one of their agents, Joseph Spivy. Young Estes declares his brother did not have a revolver on the night of the tragedy, while it is said at Irvine there is a number of men who will testify that he had.

Since the fatal shooting by the officers, two of whom are now dead, Irvine is said to have taken on another life, and there have been no disturbances during the entire week. Detectives have been employed by the railway company in the vicinity of the depot and station, especially at Ravenna, in order to prevent the bringing in of more whisky.

George Estes admits he had liquor when he returned to Irvine, but says he was under arrest and was accompanying the officer to the county jail when the fatal shooting started. It is known Estes expects to be taken in charge by United States officers upon his recovery, should this come to pass. However, he is only anxious to have the preliminary hearing and present his side of the case to the court.

STONE CRUSHER OPERATES AT NIGHT

There were busy scenes Thursday night in the vicinity of the stone quarry as a result of the crusher being operated until a late hour, and the result is that there is a goodly supply of prepared stone for the streets in advance. The progress of the pavers recently has been such as to cause the work at the quarry to be pushed to the utmost. The surplus stone is not moved unless the crusher supply is inadequate, in which case it is drawn upon. However, the quantity of stone required for the street work is such as to cause the crusher to be operated a great deal of the time. It is the intention to finish the excavation work on First street before Irvine street is blocked. All efforts are being made to have Main street put in condition for the Saturday business.

NEW TRUANCY OFFICER TO BE APPOINTED SOON

One of the first duties of the members of the school board of Madison county will be to select another truancy officer, since Paris B. Akin, who was recently appointed to this position, tendered his resignation Saturday morning, to become effective before the opening of the high schools of the county on September 6. It was stated no petitions have been received for the place, and it is not known whom the board will name. The office, owing to the new educational laws is an important one, and the attendance at the schools of the county has been decidedly increased during the past few weeks the office has been filled.

THE LAST RAIN ASSURES TOBACCO CROP, IT IS SAID

There was a heavy and general rain Thursday night which is said by some tobacco raisers to be sufficient for the development of the crop in this section, and the result is now assured. One grower said Friday morning there would be sufficient moisture now in the ground to warrant the "finishing growing of the plants," and that the rust where it has appeared would also be stopped within a short time, owing to the weather condition. The result is there will be a fair crop in Madison county, despite the predictions to the contrary.

Likes Richmond Best

Mike Statius, former proprietor of the Paris Restaurant here, who changed his place of business to Winchester some time ago, was in the city Wednesday. He reported a good business at Winchester, but admitted he wished he was back in Richmond, claiming this "seemed like home to him."

FIVE ARE KILLED IN TUNNEL WRECK

Officials Train, En Route To Rescue, Kills Three—Explosives On Train

Engineer Charles Crowe, of Livingston, and Fireman Reynolds, of Berea, on extra south bound L. & N. freight, were instantly killed shortly before nine o'clock Friday morning while the train was passing through the tunnel at Mullins, 30 miles south of Richmond. A rescue train sent from Paris, hastily manned, and containing Superintendent Morrison and other officials, while en route to the scene of the wreck, ran upon three men on the Elkins' trestle, near that place, killing two of them, Carlos Reed and Wilson Martin, both of Clay county. The train was stopped, dead and injured picked up and brought to Richmond after which the train sped on its trip for relief to the wreck victims.

Dead wreck victims: Engineer Charles Crowe, married, Livingston, and Fireman Reynolds, of Berea.

Special train victims: Carlos Reed, 23, of Clay county. Wilson Martin, 24, Clay county.

Injured in wreck—Bennett Mullins, badly scalded when engine turned over against side of tunnel.

By special train—Roscoe McQueen, legs said to have been severed and otherwise injured, brought to Pattie A. Clay Infirmary, Richmond, together with the bodies of his two companions.

As a result of the wreck and the four lives snuffed out, and two men seriously injured, the tunnel is blocked with a freight train comprising 15 cars and two engines. There are wrecking crews working from either entrance in an effort to clear the tunnel to admit of resumption of traffic.

A car load of horses just back of the engine on the wrecked train, suffered half of the animals being killed, it is reported. It is expected the remainder will be suffocated before rescued.

Explosives On Train

There is a car load of explosives on the doomed train, and more or less danger of additional danger at any time.

The train, which left Richmond shortly after eight o'clock, reached the tunnel in safety, and it is said, was moving at a fast rate of speed. The train comprised 15 cars and two engines. The wheels of the first locomotive are said to have left the track, which caused the wreck. The first engine remained upright and the smashing of cars, owing to the momentum, is said to have been terrific. The second engine was forced against the side of the tunnel and the fireman and engineer had no chance of escape. Fireman Reynolds is said to have lived but a short time, but front Brakenman Mullins in some manner was thrown from the engine, and made his way out after escaping from a stream of steam from the engine. He was reported dead but this was subsequently reported to be erroneous, and it is asserted he was taken from the scene of the wreck and is being cared for near by.

Two hoboes said to have been riding the tender of the second engine are said to have crawled from the wreck and walked to the end of the tunnel, and later assisted in the work of rescue. The bodies of Engineer Crowe and Fireman Reynolds were rescued later. Many of the horses next to the engine are said to have perished by the impact, while many are said to be alive.

Wreck trains were rushed to the scene immediately. The one from the south was from Ravenna, and rescue work was started within a short time after the call was given. The special from Paris, carrying Supt. Morrison and other officials, did not reach the scene until later, owing to the fatal accident on the Elkins' bridge.

The train was making good headway, having been equipped and manned at the orders of Supt. Morrison. It carried his special car and when the Elkins trestle was reached, the men were seen ahead by the engineer. The latter sounded his whistle, but there was no chance apparently for the men, one of whom is said to have jumped. These men had gone to Flannigan station near by this morning and were employed and

were going to work on the section at noon. They were killed shortly before noon. One man, named Allen, is said to be seriously injured, as is McQueen, who was hurried to the Pattie A. Clay Infirmary, Coroner Muncy having been notified of the accident and arrival of the bodies. Two trips were necessary to convey the men to the hospital, Dr. O. F. Hume was at hand and started work operating on McQueen early in the afternoon.

No disposition had been made of the bodies of Reed and Martin, other than that they were brought to a local undertaking establishment.

It is expected the coroner's investigation will be called and that officials of the road will give testimony regarding the accident at the Elkins bridge.

This is conceded to be the most serious accident that has transpired in this vicinity for years. The engineer of the first engine of the wrecked train, is said to have reported that he was making schedule time, and there was no warning of the accident, until the engine of which was in charge, began to swerve, leaving the rails but remaining upright. This doubtless saved his life as well as that of his fireman.

McQueen died at the hospital Friday afternoon shortly before 3 o'clock, placing the number of dead at five.

FRANCE ADVISES POLISH GOVERNMENT

(By Associated Press)

Paris, Aug. 27.—The Foreign Ministry announced today that France had counseled Poland to attain the best strategical military position possible until peace was signed with Soviet Russia, regardless of Poland's ethnographical frontier. It added that 150,000 Soviet soldiers were killed captured or interned in the Polish offensive.

SUCCESS OF THE CARNIVAL ASSURED

Thursday night proved another successful one at the exposition and the attendance was such as to fill the numerous tents several times during the evening. The program, with plenty of music, was presented in the usual satisfactory manner. It is expected the remaining evenings of the week will be a repetition of the opening ones in which the patronage has been very satisfactory. The legion men are responding in a very satisfactory manner to the call of duty, and their presence is appreciated by their friends who greet them nightly.

The committee in charge of the entertainments for Friday and Saturday nights are as follows:

Friday night—Harold Oldham, chairman; Harry S. Bybee, Wilgus Brandenburg, Owen Hisle, Joe Guinchigliani, Jr., Sam Park Wagers, Earl M. McDougle, Luther Powell, Neil Brock, Ben F. Yates, Alex Turpin, Edwin Cobb, Shearer Eades, J. W. Wiggins, Willie Elder, Shirley Whitaker, John Holland, T. B. Britain, Hubert Willoughby, Thomas McCown, Foster Kirby, George H. Myers, Jr., Joe H. Barnett, J. D. Baker, Leslie B. Tudor, Thurman Texter, Robert Mansfield, Norman Winkler, Garnett R. Prewitt, Dr. Claude Sandlin, Clarence Hicks.

Saturday afternoon—Harry D. Rice, chairman; Andrew D. McCord, Thomas Caden, Jonah Wagers, Cabel Arnold, Joel Arbuckle, Jr., Robert M. Phelps, Allen Million, Joel Blanton, Hugely Sleanor, Luther Hendren, Carlo Hall, Burgin Cosby, Charles B. Young, Vester W. Hisle, Alex Mason, Nathan Cotton, Ben P. Johnson, Willie Davis, Morris Warren, June Hayden, William Long, William T. Hamilton, Ike Forbes, Jr., Grover Howell, Hem Howard, J. B. Burrus, John B. Mappin, Oscar T. Newby, Franklin Hobbs, Earl Roberts, Wallace Agee, Clarence Forbes, McKinley Forbes, Lyman E. Stapp, Jesse Land, Luther Newby, Harrison W. Bennett, Charles M. Bennett.

RENEW CONTRACT FOR FORD CARS HERE

Richmond Motor Company Promoted To Class A1 In Recognition of Fine Service

Representatives of the Richmond Motor Company have just returned from the home office of the Ford Motor Company, where they had been called for the purpose of renewing the contract for handling the products of the Ford Motor Company for the next year. While there they were informed that the Richmond Motor Company on account of their new building, equipment, and the service rendered Ford owners, had been placed in the A1 class of Ford dealers. To be placed in this class means that the dealer must not only have a modern and well designed building and shop, but that building must be kept clean and business like, the shop must be well arranged and contain all the necessary machinery and equipment to properly service Ford cars, trucks and tractors.

Previous to the signing of the new contracts all dealers were notified that there were several new requirements to be met which were different from those signed in previous years. In addition to the usual statements that are always required, dealers who retain their contracts are notified that they must install service station equipment sufficient to efficiently take care of the cars that they have sold in the past.

The Ford Motor Company feels that the owners of Ford cars now, and always shall be, the first consideration of the company and they will force their dealers to carry adequate stocks of parts and to maintain service stations that will do all service work and repairs in an efficient and satisfactory manner.

The dealers who feel that their only interest in the Ford Motor Company and the owners of the cars that they have sold, is the prospect of selling more cars, will find that the company does not consider them as satisfactory agents, and it will be only a matter of a short time before they will find that they will be replaced by agents who are willing to comply with the standards of the company.

Many dealers seem to think that all they have to do is to sell the new cars that are allotted to them and these dealers are the ones who come out and say that they do not care for the service end of the agency work. All they want is new cars and lots of them. Mr. Ford and the members of his company feel differently and from earliest history of the company, the owners of all Ford cars have been furnished service of the better sort, first by the company itself under the old regime and later by the appointed dealers.

For several seasons the company has repeatedly warned dealers that they must equip their service stations with a stock of parts and repair equipment and this year each dealer will be required to furnish pictures of both the exterior and interiors of their plants. These pictures will be forwarded to the local assembly branches where they will be carefully inspected, one copy of each picture will remain in the branches and the other copy will be forwarded to the home plant in Detroit.

The branches will make recommendations as to the agents to be retained and if the views of the dealers service stations do not suit the management of the local branches, the dealer will be given the choice of making improvements immediately or surrendering his contract. This is the most drastic stand that the Company has ever taken but it is the result of the independent attitude taken by the dealers themselves.

\$70 A HUNDRED FOR TOBACCO

W. C. Weaver sold his growing crop of tobacco last Saturday at \$70 per hundred pounds all around. There is about one and a half acres of it and its sale is the first reported of the 1920 crop in this county. The person who made the purchase was from near Paris, Bourbon county, and was looking at Mr. Weaver's farm with a view to purchasing it when he came upon the crop of tobacco, which he pronounced exceedingly fine, and made the offer, which was quickly accepted.—Boone County Record.

HARDING'S RECORD
 After a thorough analysis of Sen-
 ator Harding's record in the United
 States Senate, the New York World
 characterizes the republican nominee
 as a "dependable standpatter who fol-
 lowed Penrose, Lodge and Wall
 street's defenders." He "upheld the
 armor-plate factories which Secretary
 Daniels charged were conspiring to
 rob the government and championed the
 "wizards of iron and steel" as na-
 tional benefactors. The senator spoke
 against prohibition, but voted for it
 and criticized woman suffrage, but
 was recorded in favor of the pro-
 posed amendment," concludes the
 headlines.

The World's story reflects the sen-
 ator's "straddling" tactics, and the fol-
 lowing introduction to the World's
 article, summarizing his record shows
 his complete subservience to Lodge,
 Penrose and the "Old Guard" inter-
 ests:

"Senator Warren G. Harding cannot
 draw on his record in the senate for
 much to inspire enthusiasm in his
 candidacy. There are no brilliant spots
 in his service there. He followed the
 lead of the shining light of the old
 guard, dominated by Senators, John
 Penrose, of Pennsylvania, Henry Ca-
 bol Lodge, of Massachusetts and Re-
 smoot, of Utah.

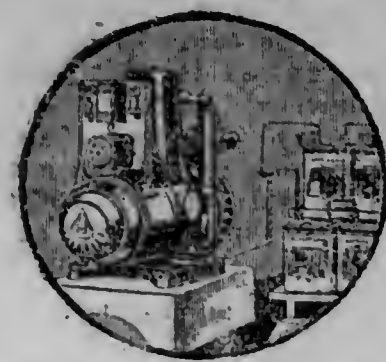

"No bit of legislation passed Mr.
 Harding's name. No exciting speech
 marked him for remembrance. For
 nearly six years he has been a plodder
 among plodders. At times he made
 attacks on the president or members
 of the cabinet; apparently to his
 mind no good could come out of the
 Wilson administration.

"A careful perusal of the Congres-
 sional Record since March 4, 1915,
 when Mr. Harding entered the senate,
 reveals these things:

1. He was recorded as not voting
 on many important measures, when
 he either absented himself from the
 senate or saw fit not to record his
 vote. During his first year he mis-
 sed 60 roll calls.

2. He was always ready to take
 the side of the big interests or to

SOLVES THE RETIRED FARMER PROBLEM

support Penrose or Lodge proposi-
 tions. He proved himself a standpat
 dependable.

3. He was called the artful dodger
 by the suffragists and prohibitionists
 for his way of preaching one thing
 and practicing another. He spoke
 against prohibition and voted for it,
 and criticized suffrage, but supported
 the proposed amendment.

4. In the heat of the debate he de-
 fended Wall street and made caustic
 references to the farmers, the laborer
 and the Chautauqua lecturer.

LOSE THEIR BABY

The three-week-old infant of Mr.
 and Mrs. L. H. Maffett died Friday
 morning at their home on Third
 street. Interment will take place in
 the Richmond cemetery Saturday
 morning at 11 o'clock. Friends extend
 their sympathy to Mr. and Mrs. Maf-
 fett in their hour of bereavement.

"MY OLD KENTUCKY HOME" SITE TO BE OPTIONED

(By Associated Press)
 Frankfort, Ky., August 27.—Gov-
 ernor Morrow today appointed a com-
 mission, headed by Robert W. Bing-
 ham, of Louisville, to obtain an option
 on Federal Hill, Nelson county, where
 Stephen Foster wrote "My Old Ken-
 tucky Home." The commission re-
 ports at the next general assembly.

SLATTERY GOES AFTER COAL PROFITEERS

(By Associated Press)
 Covington, Ky., August 27.—Ap-
 proximately 1,000 subpoenas were sent
 out from here today by United States
 District Attorney Slattery to East-
 ern Kentucky coal operators to ap-
 pear before a special grand jury which
 is investigating complaints of alleged
 coal profiteering.

The operators are required to
 bring their books and various records
 to the jury, which convenes Monday.
 Federal marshals are today serving
 the papers on operators in the vicin-
 ity of Barboursville, Pineville, Harlan,
 Hazard and McRoberts.

URGE WOMAN VOTE, LEAGUE OF NATIONS

New York, August 27.—The Demo-
 cratic National Committee today an-
 nounced an attempt to be made thir-
 out the country to bring out the wo-
 man's vote on the League of Nations
 issue and announced the organization
 work would be conducted by Mrs.
 Borden Harriman, of New York.

LIFE TERM FOR CHESTER PHELPS

One of Trio Recently in Rich-
 mond, Convicted—Smallwood
 and Lawson Hearing On

Life sentence was the verdict of the
 jury at Barboursville in the case of
 Chester Phelps, charged with the
 murder of Fred Fields, returned over-
 seas soldier, who was murdered and,
 it is said, robbed, in the vicinity of
 Corbin during the early part of the
 year. Phelps entered a plea of not
 guilty, and was surprised at his own
 conviction, as were many other with
 the extent of the verdict, since it is
 claimed there was nothing but cir-
 cumstantial evidence. Phelps prefer-
 red to be tried alone. Bradley Small-
 wood and Melford Lawson, also held
 for the crime, are now being tried.
 It is said, on a conspiracy charge, it
 being maintained they were instru-
 mental in the death of Fields. The
 latter, according to the evidence, was
 murdered and robbed and his body
 thrown into a creek. The body was
 found just over the Knox county line,
 across the border from Whitley coun-
 ty, hence the hearing of the case at
 Barboursville.

The trial of Smallwood and Lawson
 is being heard jointly. Both declare
 they are innocent, but were held on
 grand jury indictments, the same as
 Phelps. The former having been ad-
 judged guilty of the charge of murder,
 however, caused a reduction of
 the charge against the remaining two
 young men.

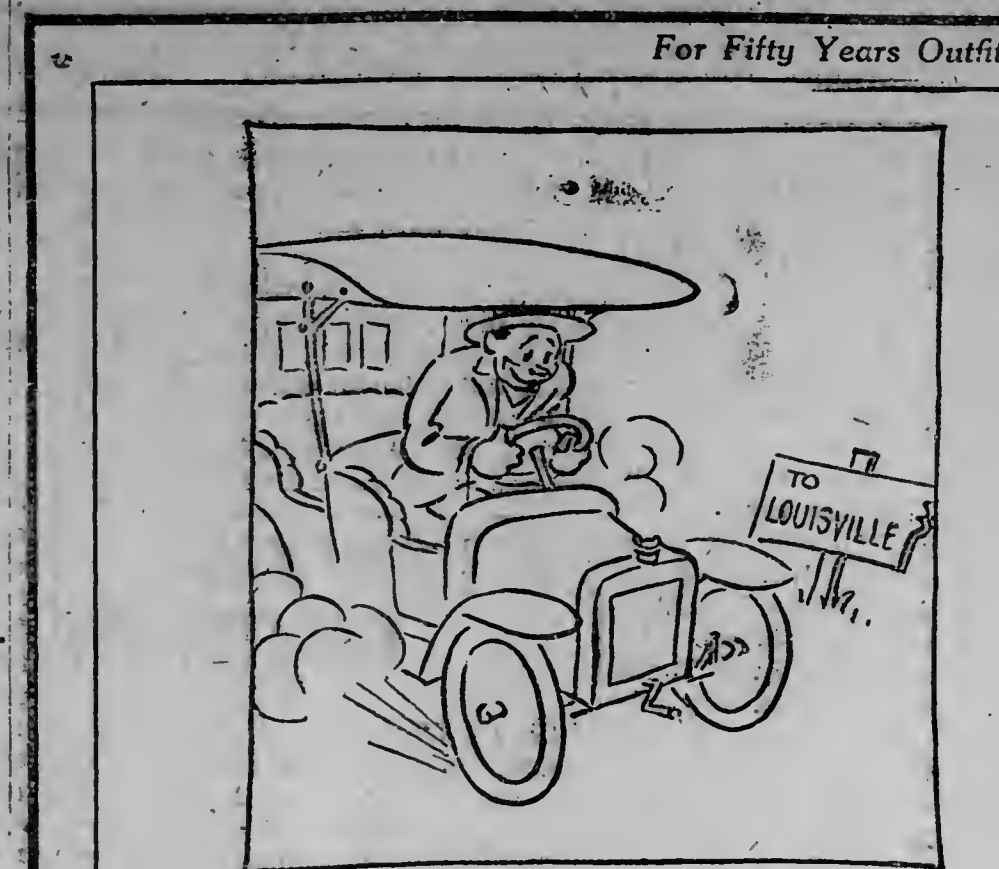

They spent about six months in the
 Madison county jail, where they were
 brought after being arrested, for safe
 keeping, owing to the condition of
 the jail in Knox county.

Sheriff N. B. Helton, of Barbours-
 ville, who had charge of the trio
 when brought to Richmond, and upon
 their return trip, stated the verdict
 against Phelps brought general sur-
 prise, according to the evidence. Of-
 ficer Helton stopped Thursday in
 Richmond, en route home from Frank-
 fort, where he took former Policeman
 John Middleton, who was sentenced
 to 21 years for the murder of a man
 who attempted to take a prisoner
 from him after he had been arrested
 for bootlegging.

SCHOOLS OPEN NEXT MONTH

Students Busy Preparing For
 Opening of Schools.

Every school child and college
 student should have a good Foun-
 tain Pen. The "M. T. Parker
 Special" is the ideal pen for the
 student as well as for the grown
 folks. It is a medium size, safe-
 ty, self-filler, the latest improved
 style—writes smoothly always,
 never leaks, and is guaranteed to
 give three years' satisfactory ser-
 vice.

In order to induce this wonder-
 ful new pen into every locality
 we make this wonderful offer:
 Simply send us your name and
 address—no money—and we will
 send the pen by parcel post, pre-
 paid. When it comes, merely
 deposit 93 cents with the postman
 to help pay for advertising, box-
 ing, etc. If you are not satisfied,
 mail it back in 5 days and we will
 return your deposit, but if you
 decide to keep it, it's yours—
 there's nothing more to pay. This
 offer applies to every one, both
 students and grown folks, but
 there will be a limited number
 given away on this plan.
 Send your name today (a postal

will do) so as to be sure and get
 one. Address The M. T. Parker
 Co., Dept. B., 231 Haywood street
 Asheville, N. C. 205 3

CURATOR'S NOTICE

HARDING APPROVES CUMMINS-ESCH PLAN

Galion, Ohio, August 27.—Unqual-
 ified approval of the Cummins-Esch
 railway reorganization act was voiced
 by Senator Harding today in a speech
 to a group of railway employees. He
 said, "It was the greatest step in all
 history of railway legislation." He
 did not mention the anti-strike pro-
 visions, but intimated he stood for
 the policy that would make for con-
 tinuity of service a government guar-
 antee. He also said he wanted to
 see railway men given the best of
 treatment.

QUIT TOBACCO

So easy to drop Cigarette,
 Cigar, or Chewing habit

No-To-Bac has helped thousands
 to break the costly, nerve-shattering to-
 bacco habit. Whenever you have a
 longing for a smoke or chew, just place
 a harmless No-To-Bac tablet in your
 mouth instead. All desire stops. Shortly
 the habit is completely broken, and you
 are better off mentally, physically, finan-
 cially. It's so easy, so simple. Get a
 box of No-To-Bac and if it doesn't re-
 lease you from all craving for tobacco in
 any form, your druggist will refund
 your money without question. No-To-Bac
 is made by the owners of Casears;
 therefore is thoroughly reliable.

Great Convenience—Small Cost

Business concerns and traveling
 men using STATION TO
 STATION long distance service
 to great advantage in reaching
 branch managers and the home
 office, where some one who can
 transact business is likely to be
 always present.

This class of toll service is rendered at much lower
 rates than the person to person service.

OHIO PAINTER AFRAID TO CLIMB LADDER

After Trying Everything, Bat-
ting's Wife Gets Him Tanlac
and Troubles End—Gained 14
Pounds.

"After the way Tanlac relieved
my wife of rheumatism,
I decided to try it for my own
troubles, and the results with me
have been fully as remarkable, as
in the case of my wife," said Jos.
B. Batting, the well-known con-
tracting painter living at 244 Bon-
quet avenue, Youngstown, Ohio.
"I had been in very bad health
for about two years. My stomach
was so upset that I couldn't eat
a thing without suffering terribly
afterwards, and in fact, I lost all
desire to eat. My nerves got so
bad that I was afraid to climb a
ladder and I hardly had strength
enough to lift a paint bucket. I
often had to quit work and go
home and lie down, and for the
three weeks before I started on
Tanlac I hadn't been able to do a
stroke of work.

"As all the other medicines I
had taken failed to do me any
good, I decided to try the medi-
cine that had been such a blessing

to my wife, and being too weak to
fetch it myself she went down
town and bought a bottle.

"I only wish I had taken it long
before I did, for it would have
saved me untold misery and a pile
of money, too. Why, the very
first bottle seemed to settle my
stomach and to give me a new ap-
petite, and now after taking five
bottles I am like a brand new
man.

"I have a tremendous appetite
and never have any trouble with
my stomach. I have already gained
fourteen pounds in weight and
am so much stronger that I can
do as much work as any man on
the job. Both my wife and I feel
ten years younger since taking
Tanlac has gotten rid of our trou-
bles and we think there is no
medicine in the world like it.

"We will be glad to tell anyone
either personally or by letter,
about the way Tanlac has helped
us, and we strongly recommend it
to all who may be suffering as we
did."

Tanlac is sold in Richmond by
Stockton and Son; in College Hill
by Ginter Brothers; in Berea by
Welch Department Stores. 1t

Mrs. James DeJarnette; is a young
man of fine business qualities and is
in every way worthy of so lovable a

tend to them best wishes for their
future happiness.

Entertained at Bridge

Mrs. G. W. Phelps and Miss Mar-
garetta Smith entertained at bridge
Thursday afternoon in honor of Mrs.
W. R. Ratliff, of Sharpsburg. Their
guests included Mesdames E. C.
Stockton, Julian Tyng, R. L. Conlee,
A. R. Denny, T. H. Collins, Warren
Jackson, of Mississippi, Harry B. Wil-
son, of Irvine, and Misses Ollie Bal-
win, Sarah Shackelford, Mariann Col-
lins, Mary D. Pickels and Mary Miller.

Entertained at Kirksville

Mrs. J. T. Long, of the Kirksville
neighborhood, entertained a number of
friends with a beautiful dinner party,
Wednesday evening. The occasion
was in the nature of a farewell to
Miss Ruth Long, who leaves Saturday
for Mt. Sterling, where she will teach
in the graded school. The following
guests were present: Mr. and Mrs.
Smith Hagan; Messrs. Robert and
Garrett Hagan, Mr. and Mrs. John Co-
ffee, Mr. Hugh Coffey, Miss Estelle
Prewitt, Miss Ruth Long, Messrs. H.
L. Woodward, William Long, Russell
and Cecil Long.

Entertained For Birthday

The family and friends of Mr. J.
P. Reeves entertained him with a
surprise party Wednesday evening in
honor of his 79th birthday anniver-
sary. Those who enjoyed the deligh-
tful occasion were Mr. and Mrs. J. P.
Jones, Mr. and Mrs. Edgar Wainford
and daughter; Mr. and Mrs. Wheeler
and son; Messrs. Charles, William and
Thomas Reeves, Mrs. Roscoe Reeves,
of Ravenna; Miss Zella Goffield and
Rev. Ashford Reeves, of Columbia,
S. C.

Mr. Rodes Terrill is in London this
week attending the fair.

Mr. Gilbert West has returned from
a visit to relatives in Lancaster.

Misses Beulah and Goldia Cotton,
of Lexington, are visiting relatives
here.

Miss Louise McKee has returned
from a visit to Miss Sara Piper at
Carlisle.

Mr. Alex Rice from Paris is the
guest of his brother, Z. T. Rice, on the
Summit.

Rev. Ashford Reeves has arrived
from Columbia, S. C., for a visit to
relatives.

Messrs. Clay Alexander and Farris
Dills have returned to Somerset after
a visit here.

Mrs. R. F. Spears returned to her
home in Lexington after a visit to
her daughter here.

Miss Frankie Kaufman, of Lancas-
ter, was in Richmond this week, guest
of Miss Van Greenleaf.

AFTER FOUR YEARS

Richmond Testimonial Remains
Unshaken

Time is the best test of truth.
Here is a Richmond story that
has stood the test of time. It is
a story with a point which will
come straight home to many of
us.

Mrs. Nelson Ross, 419 Laurel
street, Richmond, says: "My kid-
neys were weak and I had pains
through my back and across my
kidneys. At times I was nervous
and dizzy. Doan's Kidney Pills,
which I got at Middleton's Drug
Store, soon made me better. I
have often recommended Doan's
Kidney Pills to others, and consid-
er them a splendid remedy."

No Trouble Since
Over four years later, Mrs.
Ross said: "I have had no return
of kidney trouble since Doan's
Kidney Pills cured me and I am
glad to recommend them for I
know they are a good kid-
ney remedy."

Price 60c at all dealers. Don't
simply ask for a kidney remedy—
get Doan's Kidney Pills, the same
that Mrs. Ross had. Foster-
McLuburn Co., Mfgs., Buffalo, N.
Y. 27 5 12

Miss Elizabeth Burnam left Friday
for Atlanta, near which place she will
teach voice this winter.

Mrs. Warren Kennedy and children
have returned from a visit to Mrs. J.
T. Eades in Clark county.

Miss Louise Terrill is a member of
a house party being entertained by
Miss Mildred Wood, at Shelbyville.

Mrs. Mary O'Neil and Miss Mary
Neil Green will leave Saturday for a
week's visit to friends in Lexington.

Mr. and Mrs. C. B. Henry and chil-
dren, of Carroll county, were recent
guests of Mr. and Mrs. Forest Ross.

Miss Jane Rice has returned from
Nashville, where she was a student at
Peabody College for the summer term.

Mr. and Mrs. Earl Curtis and chil-
dren returned to Paris after a visit
to Mr. D. G. Martin on the Irvine
road.

Miss Verona Gump, of Louisville,
is the guest of her grandfather, Mr.
W. H. Hicks. She will remain two
weeks.

Mrs. W. S. Williams and daughter,
of Paris, are visiting the former's pa-
rents, Judge N. B. Turpin and Mrs.
Turpin.

The Winchester Sun says: "Mrs.
Gilbert Grinstead and Miss Dorothy
are the guests of Mrs. W. S. Grin-
stead in Stanford."

Mrs. L. R. Henry and children, of
North Middletown, are expected Sat-
urday for a week-end visit to Mrs. Al
Williams at Red House.

Mr. and Mrs. James Deatherage and
Mr. and Mrs. J. Carlton Deatherage
returned Friday from a motor trip to
relatives in Elliott, Iowa.

The Central Record says: "Miss
Nettie Oldham and Mr. Harry D. Rice
were dinner guests of Mr. and Mrs.
Thomas Pieratt Wednesday."

Mrs. A. Dobrowsky and daughter,
Miss Rosa, of Cincinnati, who have
been spending three weeks with Mr.
Dobrowsky, have returned to the
Queen City.

Miss Longacker, superintendent of
Berea College hospital, and Miss Nel-
lie Miller, head nurse at Berea Col-
lege, were visitors at the Clark county
hospital in Winchester the first of
the week.

Mrs. G. W. Evans and Miss Curra-
leen Smith, who have been guests
of their sister, Mrs. H. M. Rogers, in
Hanover, Ind., stopped in Winchester,
en route home, and are with Judge
J. M. Benton and family.

Mrs. G. W. Evans and Miss Curra-
leen Smith, who have been guests
of their sister, Mrs. H. M. Rogers, in
Hanover, Ind., stopped in Winchester,
en route home, and are with Judge
J. M. Benton and family.

DEGARMO STIRS BIG AUDIENCES

Noted Evangelist Answers Critic
In Emphatic Manner—Big
Crowds Nightly

A full house greeted Evangelist De-
Garmo Thursday evening. On the
subject, "The Unpardonable Sin or where
the Light go out on the Road to Hell,"
he used three texts, as follows: "Hear
ye, and give ear; be not proud; for
the Lord has spoken. Give glory to
the Lord Your God, before He cause
darkness, and before your feet stumble
upon the dark mountain, and
while ye look for light, He turn it
to the shadow of death, and make it
gross darkness."—Jer. 13:15-16. Sec-
ond text: "And the Lord said, my
spirit shall not always strive with
man."—Gen. 6:3. Third text: "No
man can come to me, except the Fa-
ther which sent me."—John 6:44.

In the light of these passages he
proved the possibility of man going
beyond redemption by continually
and finally rejecting the workings of
the holy spirit. He said, "If God's spirit
does not strive always with man and
no man can come to Christ except the
Father draw him, then when God's
spirit is withdrawn from a man, that
man is beyond redemption." He gave
several striking illustrations of this
Bible teaching in reality in the lives
of people whom he knew. He said, "A
man is beyond redemption when, af-
ter he sees the light of life as it is
in Jesus, he deliberately and finally
rejects Jesus as his Savior."

The evangelist is accused of saying
that a Christian is not supposed to
live a good life, be baptized, join the
church. He declares he does not teach
any such heresy; that a good life, bap-
tism and church membership are re-
sults of salvation and not in order to
be saved. "No man can be saved be-
cause of good work, but he does
good works because he is saved," he
said.

"Moses' Choice" will be the subject
for Friday evening. The evangelist
will show in this sermon, he says,
that children go to Heaven when they
die in infancy, and why they are
saved Saturday morning there will be
another children's service. Saturday
night the subject will be, "The Moral
Man."

Keeping Healthy in Broiling Sun

When head feels heavy or stomach is acid, get quick relief with Dr. Caldwell's Syrup Pepsin

In spite of the lighter foods we eat during summer months, it is the season of greatest dyspepsia and constipation. Many find it difficult to stand the heat. They exercise little and are always tired and half-sick.

It is good policy to take plenty of ripe fruit and vegetables, lots of cool, clear water and walks when the sun has set. But with all these precautions it is often impossible to regulate the daily elimination, with the result that thousands suffer from constipation, indigestion and similar ills.

There is nothing better for clogged-up bowels, for a stomach that refuses to work, than that well-known combination of simple laxative herbs with pepsin known to druggists as Dr. Caldwell's Syrup Pepsin. It is America's standard relief for constipation. It has the great merit of being sure to act, yet acting mildly and without griping.

FREE Millions of people of all ages suffer from occasional or chronic constipation. Let them send name and address to Dr. W. B. Caldwell, 512 Washington Street, Monticello, Ill., for a free sample bottle of his wonderful Syrup Pepsin. 8 million bottles were bought at drug stores last year, the largest sale in the world.

Thousands of mothers give Dr. Caldwell's Syrup Pepsin to infants, and it is especially popular in hot weather. Mrs. E. C. Wilson, who lives in Hugo, Okla., where the heat in summer is intense, is the mother of eight children. All of them, and including herself, maintain their health in spite of enervating heat by frequent use of Dr. Caldwell's Syrup Pepsin. See what it will do for you.

Messrs. J. W. and Leon Elder and guest, James Burch, of Bowling Green, were in Lexington Thursday evening to attend a dinner dance, to which Miss Ella B. Mahoney was hostess.

Tobacco, Situation As Explained By Madison Producer—Wants Price Protection

The following communication dealing with the tobacco situation explains the view of the writer who has taken an active part in the movement looking towards the organization in this county:

Editor Daily Register:

What position is Madison county taking in this tobacco struggle? Is Madison county going to isolate herself from this gigantic struggle? This matter, which is so vital that it touches every atom of our fabric, makes up our industry and welfare of our every day life, social, economic and financial. Are we going to shrink this great duty of self-protection?

Will we not organize ourselves with our sister counties who are calling us to their aid for self-protection and self-defense, in order to protect our chief industry, which is tobacco, and which brings in untold millions and millions of dollars?

Are we going to sit down and take what the trust company is willing to give us?

There is no doubt that every well read citizen of our county is well aware of the fact of what is now going on in regard to bettering the conditions of the tobacco growers in the white burley district. They have no doubt heard of the Burley Tobacco Growers' Association, which is now trying to get its charter for the organization of growers, whose purpose is to get together in such a way that we may be able to get a fair price for our tobacco.

We have often been approached with the argument to let the law of supply and demand settle the price of our tobacco. I say there is no law which governs the price of tobacco, except one law, and that law is the law of greed and selfishness.

Does it not appeal to you that that day has dawned upon the farmer when he must awaken to the fact that he, to, must organize and protect himself from the onslaught of the tobacco buyer?

Every industry is organized but the farmer, who is left to the mercy of greed and pillage.

The "scare idea" has been advanced upon us by some "good citizens." Who knows what their motive is in declaring the organization of tobacco growers will bring back the night riders, bed scrapers, barn burners, etc.?

That scarecrow idea has nothing more to do with this organization than a southern blind mule would have to do with a crippled jack rabbit of the north. The fact is and always has been that as long as the farmer is unorganized he will always have to take what is given, not what his products are actually worth.

The fact before us now is that we have 500,000,000 pounds of tobacco, nearly two years' crops, and the Carolinas selling at 6 per cent less than they got to start with last year. A good crop, which, according to good authority, is being eaten up with rust and wildfire seems to be sufficient reason for the cry for protection, and yet with all this before us some gentlemen want to know what this scare is about, and what we want to protect ourselves for, since we have been treated so kindly by the buyers, especially the American Tobacco company. It stands to reason that with a crop twice as large as that of last year and with what seems to be a damaged one, what can happen but a sharp decline in the prices of tobacco, especially when we are unorganized? Let us take warning and prepare for the worst.

If organization brings on lawlessness, as some suggest, then we as a whole must be very unlawful people.

I say let the people organize for self-protection and demand a fair price for their labor. The writer has nothing more in view than he hopes to see the day come when the tobacco grower will mark his price on every basket he has to sell and be able to make the buyer pay it. In standing for the farmer's organization and co-operation, I wish to make it known that I am positively against cutting out the 1921 crop of tobacco, or the crop of any other year. There are two reasons why I am against cutting out the entire crop. The first is that it would not help the cause, for when we raise the 1922 crop we still get just what the buyer wants to pay. The second reason is that should we cut out the 1921 crop, it will create financial distress among our people, and yet not help the "cause."

What seems the only solution and practical way is to organize, choose men from among us with executive power, as false choose from among us tobacco experts who know tobacco and its qualities, and also, choose from among us expert accountants who can estimate the expense of producing a pound of tobacco ready for the market. Then, with these facts and figures before us, we can mark our price when the tobacco goes on

PROGRESS IN MEDICAL RESEARCH

Has made your Comfort Certain thru MOTHER'S FRIEND

Which spreads its influence upon the nerves, cords and ligaments involved, rendering them pliant to readily yield to nature's demand. There is an absence of bearing-down pains, strain and general discomfort, more often than otherwise experienced when nature is unaided. Mother's Friend is used externally.

At all Druggists. Special booklet on Motherhood and Baby free. Readfield Regulator Co., Dept. F-9, Atlanta, Ga.

the floor, and by united action ask and get what it is worth.

This is the only solution the farmer has, and no other, in my opinion. This he will not be able to do unless he first organizes.

To attain this success he will have to have united action, self-sacrifice and great tenacity. There is no victory won without these three virtues. Without them we will fail. This is my aim and purpose and my only hope. With this sort of organization the way is clear for the farmer's long-dreamed-of victory to get what his product is worth.

The writer does not seek any office of the organization, nor does he ask any more than any other farmer wants—a fair and honest price for his product.

With this aim attained the writer will be well satisfied.

SAM AMSTER.

CHILDREN'S GARDEN IMPORTANT FACTOR

There will be exhibits from children's gardens at the Blue Grass and State fairs to illustrate the good done by the encouragement of children working on the farms and operating a garden of their own. Some of the youngsters of the state have outdone their parents in the way of garden making and the benefits are very surprising.

This is but one phase of the importance of gardening by children, since the products are said to be of good quality, and much money has been realized by the juveniles with the hoe. The production of the state, it is said, will receive a wonderful impetus as a result of encouragement of the youthful gardeners.

Crates For Storage

Every year the Experiment Station has numerous inquiries asking how to store fruits and vegetables. It is usually found that farmers having the most trouble keeping fruits and vegetables do not place their fruit in proper containers. It makes little difference whether a cellar or cave is used for a storage room the boxes, barrels or crates must be provided with suitable openings for ventilation.

A Prominent Nurse Testifies

Covington, Ky.—"I have been recommending Dr. Pierce's Favorite Prescription to my patients and personal friends for several years, ever since it restored me to perfect health after very serious illness with hemorrhoids and trouble."

In every instance that I have known women to take Dr. Pierce's Favorite Prescription for feminine weakness, or if in need of a special tonic during expectancy, it has never failed in giving the utmost satisfaction. It is a woman's medicine that can be depended upon to relieve nervous conditions, besides building up and strengthening the entire womanly organism. I shall always praise Dr. Pierce's Favorite Prescription most highly."—MRS. HATTIE ELLIOTT, 1413 Kendall St.

Favorite Prescription should have the full confidence of every woman in America because it contains no alcohol and no narcotic. Doctor Pierce knew, when he first made this standard medicine, that whisky and morphine were injurious, and so he has always kept them out of his remedies. Dr. Pierce's Favorite Prescription can be procured in all drug stores in either solid or tablet form.

Send 10 cents to Doctor Pierce's Invalids' Hotel in Buffalo, N. Y., for trial package of the tablets.

Denies Men Who Drank Have Turned To Candy

Washington, Aug. 26—Candy has not taken the place of alcohol for men who formerly indulged in beverages now under the prohibition ban, according to Walter C. Hughes, secretary of the National Confectioners' Association.

In a letter to the State Department relative to the coming session of the International Congress against alcoholism, Mr. Hughes placed the confectionery business as fifth among those benefited by prohibition. Savings banks, the soft drink industry, ice cream makers and moving picture theatres in that order had drawn greater proportionate profits out of the dry edict than the candy trade, he said.

The theory that men addicted to the use of alcohol have become candy eaters since the advent of prohibition is based upon wrong premises and is not "logical," he wrote. "More candy is being consumed because the people have more money to spend, not alone for candy, but for everything else that they want that

adds to their comfort or pleasure."

State Has One Auto For Each 27 Persons

Washington, Aug. 26—In Kentucky there is one automobile for every 27 inhabitants. This information is set forth in a report just issued by the Department of Agriculture, which contains the following interesting Kentucky automobile statistics:

Automobiles registered in 1919, 90,008.
Per cent of increase over 1918, 36.6.
Miles of public rural roads, 56,000.
Road miles per square mile, 1.42.
Motor cars per mile of public rural road, 1.6.
Population per motor car, 27.
The report shows that Iowa has more automobiles in proportion to population than any other state in the Union. In Iowa there is one automobile for every six inhabitants. California, seven, as has South Dakota and Nebraska, Kansas has one automobile for every eight inhabitants, Minnesota

LEXINGTON, KENTUCKY

Trunks, Bags and Suit Cases

FOR THE COLLEGE STUDENT

It will pay you to visit our Trunk Department before buying your School Luggage, our showing is very complete and prices consistently low.

INVENTIVE GENIUS ROBS GALOMEL OF NAUSEA AND DANGER

Doctors' Favorite Medicine Now Purified and Refined from All Objectionable Effects. "Calotabs"—the New Name.

What will human ingenuity do next? Smokeless powder, wireless telegraphy, horseless carriages, colorless iodine, tasteless quinine—now comes nausealess relief. The new improvement called "Calotabs" is now on sale at drugstores. For biliousness, constipation and indigestion the new calomel tablet is a practically perfect remedy, as evidenced by the fact that the manufacturers have authorized all druggists to refund the price if the customer is not "perfectly delighted" with Calotabs. One tablet at bedtime with a swallow of water—that's all. No taste, no nausea, no griping, no salts. By morning your liver is thoroughly cleansed and you are feeling fine, with a hearty appetite. Eat what you please—no danger—about your business. Calotabs are not sold in bulk. Get an original package, sealed. Price, thirty cents—(add tax).

Prospects Bright for Eastern Kentucky State Normal School

To the Editor of the Richmond Daily Register:

It affords great pleasure to inform the public that our Normal School was never in so good a condition with prospects for its future so bright for a very large attendance and for excellent and much needed service for the Commonwealth as now.

Four powerful factors in recent years have contributed to reduce its attendance, viz.:

1. Our war with Germany.
2. The two epidemics of influenza in the past two years.
3. Inability of our dormitories to furnish or the Management to get Richmond rooming accommodations for many students who applied therefor during the past year. Some pupils came, and failing to secure accommodation returned home or went elsewhere, but far more wrote for accommodations which could not be obtained or given as aforesaid, and were compelled to go elsewhere or remain at home.
4. The H. C. L. has also reduced attendance some, of course, as it has seriously affected the ability of the people of Richmond to furnish board or even rooms.

But our people have generously responded to every call of the school within their power to meet, and made it possible during the past year to accommodate a large attendance at the Normal. The writer's own wish when the Normal opened here was for the people locally to furnish board and rooms to all pupils and to have no State Dormitories at all. This plan has been successful in several states, such as Michigan, where its University and Normals have no State Dormitories and the local community furnishes all the accommodations to all pupils, even though the attendance runs into the thousands. There the local community in which its great University and Normal Schools are located, furnish all rooming and boarding accommodations as a business investment. This plan was also followed at Bowling Green until this year, when the H. C. L. made that school cry aloud for state Dormitories. In the early history of the School here, we tried the plan of "no State Dormitories," and hoped that local parties here as a business investment would furnish rooms and board to all pupils, but this was quite impossible. No lots for residences or private dormitories could be had around or near the Normal Campus. The benefit to pupils who can board or even get rooms in the homes of people of Richmond is obvious.

The last General Assembly appropriated \$150,000 for erection of dormitories here, and I am glad to tell you that contracts have been let to a solvent contractor under good bond and heavy penalty for the erection within seven months, of the first unit of another large girls' dormitory, which unit when completed, will accommodate 112

pupils; also for the erection of an addition to Memorial Hall, our boys dormitory, large enough to accommodate about sixty more boys.

But when these will be completed, with those on hand, they will be insufficient to accommodate all who will this coming year apply for admission into the Normal. Therefore, I sincerely hope that the people of Richmond will in the future as in the past furnish at least all the rooms for pupils they possibly can, and those who can provide rooms, or even rent out their residences for roomers, are asked to give such information to Mr. F. C. Gentry, Secretary at the Business Office on the Campus, so the school will know what it can do and how many it will be able to accommodate the coming year.

The gross enrollment in all departments of the Normal in the school year just closed amounted to 1,565, which is an increase of 450 over the previous year or 40 per cent increase or within 35 of the highest attendance of any previous year, and which was the year before we went into war with Germany.

The best Summer School we have ever had was that of 1920 recently closed. We had an attendance thereof of 596 in the Normal Department alone, and this was an increase of 193 over last year or of 47 per cent, and the largest attendance we ever had at the Summer School. The highest previous attendance was 510 during the year before our entrance into the recent war. The attendance at the Summer School would have been larger if more rooms could have been furnished by the Normal or secured in Richmond. We had about twice as many pupils in our Summer School as attended State University this summer, and there was no shortage of rooms at State.

The pupils are all pleased with the course of study here and its thoroughness, the faculty, the results attained, the progressive, moral and elevating spirit of the Normal; and also pleased with Richmond, its people, its merchants and its churches.

The causes which are contributing to enlarged attendance in all schools, colleges and universities in Kentucky are numerous, but the chief cause is that the people have resolved that Kentucky instead of remaining near the top of the list of the scale of illiteracy shall be an educated state and stand near the top of the list on the scale of literacy.

Another cause is that there are about 500 High Schools in the different counties of Kentucky, to which county boys and girls can go free of tuition and prepare for and then enter a university, college or Normal school while until 1908 there was not in the state a single high school for county boys and girls where they could go and attend free of tuition. All these 500 High Schools are subject to the inspection and supervision of Dr. McHenry Rhodes, an eminent educator, and his salary is paid not by the state, but out of a National (private) Education Fund. The new compulsory attendance law which requires

under heavy penalty every child to attend school until he or she shall have passed the eighth grade of common school is a wise and much needed law. It is being wisely enforced, and it is filling all the common schools of the state, and requiring their enlargement in many places, so as to accommodate the increased attendance.

One important factor retards this onward march in education, viz., material shortage of competent teachers. Our Normal Schools founded to prepare well-qualified teachers for all our schools, and this shortage of teachers together with the increased salaries now being freely and justly offered to competent teachers will have a tendency to more than fill our Normal Schools with pupils in the immediate future.

The last General Assembly passed a law permitting all qualified ex-service men to enter our Normal Schools free of tuition and incidental fees, and we expect this law to increase male attendance. We also have applications to receive some of the boys who were wounded in the late war, and permit them to enter our Normal, and give them an opportunity to improve their education, and the Management is willing to permit such boys to enter our Normal provided accommodations can be secured for them. The Federal Government is paying them a good monthly salary entirely sufficient to pay all their expenses while at school.

The Board of Regents of Eastern has never permitted politics to control its action, and in this respect it has been supported by every State Superintendent of Public Instruction from Fuqua to Colvin, including both of them. All teachers have been secured because of their special qualifications for their particular positions, and their good moral characters without regard to their religion or politics, but I admit that I have in the selection of our Presidents, when qualifications were equal, given preference to a Presbyterian, because those of that denomination founded Central University here and it was largely due to efforts of such noble men as Dr. R. L. Breck, and such generous men as S. P. Walters, that it was founded here, and the donation of the Campus and buildings by Walters' Institute to the State of Kentucky made possible, not only the location of our Normal here, but made possible the establishment of the Normal School system in Kentucky. I can also say that the other members of the Board have always freely permitted this preference in the selection of a President.

So the future of Eastern Normal is indeed bright. It was never so well organized and equipped as now; the State's need for it was never so urgent, and its opportunities for important public service never so great. I feel confident that the Normal will stand the test of the needs of the day.

Respectfully,
J. A. SULLIVAN, Local Regent.

COL. JIM MARET FLIES OVER RICHMOND

Col. Jim Maret, the famous "Boone Way man," and well known here and over the state as one of the pioneer good roads boosters, flew from Lexington to Barbourville the other day. He passed over Richmond en route. Col. Maret describes his aerial ride in interesting style as follows:

Captain Beaver, who was accompanied by his mechanic and Colonel Maret, left the Lexington race course at 4:40 p. m. in his airplane and arrived at Barbourville at 6 p. m., making the trip of 115 miles in eighty minutes, closely averaging 85 miles an hour.

Although on the shady side of 50 years of age, Colonel Maret enjoyed

every minute of being up in the air, and made some remarkable observations, which he has graphically detailed. The route taken was via Nicholasville, Richmond, Berea, Livingston, London and Corbin to the capital of Knox county, the plane using the railroad lines as markers or trails.

Colonel Maret says that the general height maintained by the plane was around 4,000 feet, although at times it ascended to the altitude of a mile. While flying at 3,000 feet elevation, he says, autos were observable on the roads and appeared to be moving at a snail's pace. From higher elevations macadam pikes looked like narrow chalk lines on a blackboard.

"While over Nicholasville," said Col. Maret, "we could see the Kentucky river. When passing over that stream it looked like a small yellow creek and banks appeared almost flat, the cliffs scarcely being discernable. We

passed through a rain cloud after crossing the river; could see rain falling below—a peculiar sensation—then sunshine for a time. Many cloud banks passed below us. The earth was hardly seen during the rain. The appearance of the surface of the earth in the bluegrass is inclined to flatness with the rim of the horizon a little elevated, giving the appearance of a bowl or huge saucer; in the Cumberland hills its elevated spots remind one of potato hills, with the cleared farms as patches scattered here and there in the forests.

"Richmond appeared like a small village. Our plane took a lower elevation at this point by circling the city. The same thing was done at London.

"Farms in the blue grass counties, with their bowlers of fence-row shade trees, reminded one of a checkerboard, and the houses looked not larger than martin boxes.

"Branches and streams, filled from recent rains, looked like strands of yellow thread with numerous twists and kinks. The crooked rivers, including the Kentucky, Cumberland, Little and Big Rockcastle, certainly have tortuous windings, and are crookeder than a den of snakes."

"A beautiful sight in the form of a silvery cloud bank of thunderhead, was observed just south of Richmond. It was perhaps 150 feet deep and four miles in length. We rubbed its western edge and even with its top surface for three minutes. We passed through a number of clouds and cloudlets.

"The trip was made without a bobble or stop until our destination was reached, and the passenger, who had been up in the air, before this, suffered not a tremor of fear, but enjoyed the trip over the Cumberland to the utmost. A portion of the trip was made over and along the Boone Way routing, though too high to make a satisfactory inspection there.

A Traveling Man's Experience
You may learn something from the following by W. H. Ireland, a traveling salesman, of Louisville, Ky.: "In the summer of 1888 I had a severe attack of cholera morbus. I gave the hotel porter 50 cents and told him to buy me a bottle of Chamberlain's Colic and Diarrhoea Remedy and to take no substitute. I took a double dose of it according to directions and went to sleep. At five o'clock the next morning I was called by my order and took a train for my next stopping place, a well man."

AT AUCTION Household and Kitchen Furniture at My Residence on Hallie Irvine Street

Having rented my house for immediate possession, I will sell on

Saturday, August 28, 1920 2 o'clock p. m.

all my household and kitchen furniture, consisting of—

- 1 small table, plain
- 1 extension table; 1 large table
- Stove, cooking utensils
- Sewing table; sideboard
- 6 dining chairs; 1 plate rack
- 1 serving rocker
- 1 willow rocker; 1 hat rack
- 1 settee; 1 center table
- 2 stands; 2 straight chairs
- 1 large mirror; 1 bed
- 1 wash stand; 1 dresser
- 1 medicine case; 1 porch chair
- A lot of dishes

Many other things too numerous to mention.

FREDA POWERS, Hallie-Irvine Street Robert Walker, Auct.

of.

"The mountain people are ahead of the bluegrass people in the aviation line, there being a flying school at Barbourville, Pineville and Jellico. The business men of these places are stockholders in their local organizations. Flying is taught, passengers carried and other cities are visited where the citizens are given thrills in the air.

"The Boone Way man made the trip to Barbourville for the purpose of looking down on the mountains, which he has ridden and walked many times during the past half century, and for the purpose of meeting some of the commissioners of his pet highway, including Dr. J. H. Albright, J. A. McDermott, Judge S. B. Dishman, Hon. John Henry Wilson and others.

"The trip to Barbourville required but 80 minutes. The return trip by train took just nine hours."

REMARKABLE REMARKS

Queen Marie of Rumania—I don't own up when I know I don't know a thing.

Mrs. Warren G. Harding—I lived with my husband 26 years and I know him.

Mrs. Calvin Coolidge—I have my ambitions, and the dearest one of these is to own a Ford.

Luke McLuke—Father hates to tell mother he has found a bedbug. He knows that mother will wreck the house until she has found another one.

Oscar S. Straus, Roosevelt leader of 1912, and a foremost independent in New York, has announced for Cox.

An Old Fault Finder

An irritable and fault-finding disposition is often caused by indigestion. A man with good digestion and bowels that act regularly is usually good natured. When troubled with indigestion or constipation take Chamberlain's Tablets. They strengthen the stomach and enable it to perform its functions naturally. They also cause a gentle movement of the bowels, and

DE GARMO Mass Meeting

at
the Court House
Sunday, August 29th

3:00 P. M.

For men, women and children.
Everybody invited. No collection.

Subject for Sunday Afternoon—
"BREAKING THE ALABASTER BOX"

TO REDEDICATE OLD BAPTIST CHURCH

Rev. O. E. Bryan, of Louisville, will deliver the principal address at the dedication of the Gilbert's Creek Baptist church, Garrard county, next Sunday. This is expected to be a great event in Baptist church circles, as it will be the rededication of the first Baptist church established west of the Allegheny Mountains, the Rev. Lewis Craig having come from Virginia with a number of his flock and established this church on the second Sunday in December, 1781. A big basket dinner will be a feature of the dedication.

and prominent Baptists from all over Central Kentucky will participate.

Edwards Suffers Relapse

County School Superintendent B. F. Edwards, who has been ill with flu for the past two weeks and who was able to be about the house, suffered a relapse and was compelled to again take to his bed. His condition is not believed extremely serious, however, and the prediction that he will be able to be out within a reasonable time is predicted.

Weather For Kentucky

Cloudy tonight and Saturday; not much change in temperature.

NOTICE TO THE PUBLIC

The sewer system of the City of Richmond was accepted a few weeks ago. Before its acceptance it was carefully tested out and found to be in fine working order.

Since that time on at least four different occasions some individual or individuals have deliberately attempted to stop the sewer at different points. If he or they should succeed in obstructing the flow of the sewer it would cause untold damage to the whole system and would also cause the expenditure of a large sum of money, especially if it should become stopped after the asphalt street is laid. No one except a city official or the men now working on the construction of streets, has any right to touch the sewer.

I, therefore, offer a reward of one hundred dollars (\$100.00) for the apprehension of any person caught suspiciously tampering with the sewers, and anyone bringing me definite information will receive the reward.

For the public good, I ask that every law abiding citizen keep a close watch and inform me of any suspicious actions on the part of anyone.

L. P. EVANS, Mayor.

DELEGATES CALLED FOR MEET SEPT. 30

Ratification of Plans Arranged
For—Lexington To Be Future Headquarters

Preparation of the articles of incorporation for the Burley Tobacco Growers' Association has been concluded at Lexington, chosen as headquarters, according to reports issued from that city. It is probable Madison county will have no official delegates to the meeting for ratification on September 30.

There have been no further steps taken by local growers regarding the matter of forming an organization, although such a movement was extensively discussed recently. The committee on arrangements is preparing to make the meeting one of the most auspicious yet held, and preparations are being made for the entertainment of a large number. Local growers seem divided as to the feasibility of perfecting an organization.

The affairs of the association will be conducted by a board of directors of not less than ten nor more than twenty-five members. Directors elected at the mass meeting of the association, set for the first Monday in March, 1921. The organization will not have capital stock. Its limit of indebtedness is fixed at \$100,000.

The articles will be filed immediately after the meeting by incorporators and an active campaign for members will follow.

COUNTY HIGH SCHOOL OPENING

The opening of the four high schools of Madison county will occur Monday, September 6, and preparations are being made for the event, since it is believed the new compulsory educational law will bring together the greatest number of students ever enrolled at the opening of a term there. The schools in several instances are being improved and enlarged, and it is known that when the working season is over and the special working privilege expires, there will be an enrollment that will be surprising.

Principal Paris B. Akin, of the Union City school, is preparing for the largest number of students yet reporting at the opening of this institution, and it is expected to be no exception. He has been giving considerable attention to supervising and attendance work, and will depart from this feature, especially the truancy officer phase, as he reports he will be unable to attend to the duties of this office and take care of the Union City school besides. He maintains he will doubtless be able to spend some time in assisting with the supervision of the schools. There are a number of instructors looking after the management of the schools and this work will be divided up in the future, it is expected, and will be mapped out after Superintendent Edwards is able to resume his duties. The instructors from Berea College have been very attentive in the matter of assisting with the supervision of the schools for some time.

The Waco schools will be under the principalship of Prof. W. B. Elder, who is also preparing for the opening. He reports also that a record-breaking attendance is expected owing to the enforcement of the new law. This law, it is said, is effecting the high schools more than the lower grades, owing to the ages of the students being such as to render them valuable on farms and country work generally.

Prof. J. F. Fitzgerald will have charge of the Kirksville schools and is known as a popular and efficient instructor.

Miss Marie Quillen will have charge of the Newby schools. She is an experienced and well known instructor and is reputed to possess very modern ideas regarding the conducting of schools of this character.

John Warren, 70, Louisville, was oiling his shotgun preparatory to going squirrel hunting when the weapon was discharged, the recoil being such as to cause fatal injuries.

FIRST TOBACCO BEING CUT

The first tobacco in Madison county to be cut this season is in the vicinity of Buffalo. A number of producers are busily engaged and report the quality of most of the product is not inferior, but very good. This will be followed by other producers starting the work within a very short time. The loss as a result of rust will not be as great as anticipated some time ago.

The Best Physic

cost a quarter. When you want a pleasant physic try Chamberlain's Tablets. They are easy to take and mild and gentle in effect. They are highly praised by people who have become acquainted with their good qualities. They only

DEVORES BUY CITY TRANSFER COMPANY

Announcement has been made that the City Transfer Company has been purchased by Messrs. Claud and Frank Devore, and they have taken charge. The purchase was made from W. W. Broadus and Lewis Hardin, who have been operating the company for the past year or so. Frank Devore will be in active charge of the big hauling business of this popular concern, assisted by Wm. Rice, while Chief of Police Claud Devore will give them the benefit of his advice and experience when needed, as he is an old hand at the game and knows more about moving furniture and stuff than the man who invented it. Frank Devore, who will be the active manager, is one of most popular young business men in town. He has recently been engaged in road department work in Henry county. His friends are glad that he will be back home permanently.

A GREAT REMEDY

The merits of Chamberlain's Colic and Diarrhoea Remedy are well known and appreciated, but there is occasionally a man who has no acquaintance with them and should read the following by F. H. Dear, a hotel man at Dupuyer, Mont., "Four years ago I used Chamberlain's Colic and Diarrhoea Remedy with such wonderful results that I have since recommended it to my friends."

John Flynn, Danville, is dead at the age of 67 years. He is the father of 14 children.

Two newlyweds at Akron, Ohio, were acquitted on eviction charges by a woman judge and jury.

EXPERT ASPHALTERS COMING

There will be some expert asphalt layers and mixers in the city within a few days and they will take up the work of preparing and laying the asphalt for the city streets. Superintendent Glover has been anxious to get these men on the job for some time, since this work will mark the finishing of some of the work, which now awaits their coming. There are a number who have been employed on other jobs by the company and they will be sent for immediately, and it is expected the first asphalt ever laid in the city will be put down next week.

ALTO-HEMIC THERAPY
EYE, EAR, NOSE and THROAT
Office City Buildings, RICHMOND, KY.

Why Itch and Burn With Skin Diseases?

There is a Way to Get Rid of the Torture of Suffering.

Terrifying skin irritations, eczema, tetter, boils, pimples, etc., have their origin in a disordered condition of the blood. They come from a colony of tiny germs which get into the blood and multiply by the million.

Lotions, salves, ointments or similar treatment cannot possibly reach the source of the trouble, which is the blood.

When any of these symptoms appear, you should take prompt steps to rid the blood of the germs which cause them. And the one remedy which has no equal as a blood cleanser is S.S.S., which is sold by druggists everywhere.

Begin taking S.S.S. today, and write to our Chief Medical Adviser, who will give you special instructions without charge. Address Swift Specifying Co., Atlanta, Ga.
